The following phone is available from Sarabec or Action on Hearing Loss

T359WHT Geemarc CL1100

£37.49 exc VAT

The CL1100 is a great phone for mild to moderate hearing loss and has 12 direct dial one-touch memories, excellent voice amplification, tone control and the ability to amplify your own voice as well as the caller's.

Key Benefits:

- Up to 110dB handset volume and up to 74dB ringer volume
- Adjustable tone control

The following phones are available from Action on Hearing Loss

T343 Geemarc CL100

£32.99 exc VAT

An excellent amplified corded telephone with big, bold buttons and great sound quality. The loud volume and tone control make it perfect for hard of hearing people with a moderate hearing loss.

- Up to 103dB handset volume and up to 85dB ringer volume
- Bright flashing strobe light to indicate incoming calls
- Outgoing speech amplification
- 12 direct dial, one-touch memory buttons

T530 Geemarc Photophone 450

£49.99 exc VAT

A very easy-to-use corded phone with loud amplification, one-touch photo dial buttons and a screen for Caller-ID. The Photophone 450 was developed exclusively with Action on Hearing Loss, and has excellent easy-to-use features such as adjustable ringer tone control specifically tailored to help those with age related hearing loss.

- Up to 122dB handset volume and up to 90dB ringer volume
- Bright flashing strobe to indicate incoming calls
- Adjustable tone control for both call and ringer
- Hands free speakerphone
- Six large customisable picture-buttons for one-touch speed dial
- Screen for Caller-ID, and corresponding photo button lights up to indicate that person is calling
- Easy to use sliding tone and volume control buttons

BT Big Button phone £27.99 (not VAT exempt)

BT Décor 2600 £32.99 (not VAT exempt)

These very popular phones have some minor amplification, have a hands free option and are hearing aid compatible (works with the loop facility on the hearing aid).
